Dear

(Your Facilities Name) is pleased to announce plans to add a Foot Care Nurse to our extended staff of caregivers. The Nurse will come into our facility on a regular basis to provide comprehensive foot care for our residents (THIS SERVICE MAY BE COVERED BY MEDICARE, MEDICAID AND ALL OTHER INSURANCES IF PERFORMED BY A PHYSICIAN BUT WILL NOT BE BILLABLE WHEN PROVIDED BY A SPECIALIST NURSE). This service has, at times, been a problem in that the residents are unable to visit the doctor's office due to transportation or health problems. Ambulance transportation is costly for the family, and car travel is not an option for many residents. This service will be billed to you at the rate of $_____ per visit, payable directly to the Nurse.

The Podiatrist will provide the following service:

♥ Routine foot care (trimming nails every 63 days for those who receive care.)
♥ Diabetic foot care
♥ Trimming of mycotic, ingrown or incurvated nails (Onychomycosis)
♥ Treatment of painful callouses and corns

We at (Your Facility Name) are pleased that we have found a Foot Care Nurse who will provide foot care for our residents in our facility, on an on-going basis with frequent follow up. We will need your approval for the Nurse to see your loved one. Thank you for helping us meet the goal of better meeting the health care needs of our residents.

Your suggestions and comments are invited, and if you would prefer your loved one not be included in this program, please contact us at (Your Facility #) and let us know what alternative provisions you would like to make so that your loved ones foot care needs may be met. Please indicate, on the permission form (included in this envelope), whether you want your family member to participate in this program and return this form to (Your Facility Name) within 10 days of receiving this notice. You may also call us to give approval over the phone.

Thank you so much, for allowing (Your Facility Name) to improve our comprehensive health care program for your loved one.

Sincerely,
Your Name
